

ADESA, INC.

Jurupa Valley, California

Client: Adesa Inc.

Description: This approximately 25 acres site with an existing former Fleetwood RV Manufacturing facility retrofitted to a vehicle auction and remarketing services hall. GAA delivered a design solution to accommodate automobile storage space, quality check lanes, car wash, body shop, office, customer services facility, and bidding area, totalling 256,000 SF.

A fresh and modern palette allows for a consistent interplay between the exterior and interiors, providing a cohesive, value-added design solution.
