

## CENTRAL CITY STUDIOS

Chicago, Illinois

**Client:** Central City Studios

**Description:** A new 290,000 square foot studio facility including six 18,000 square feet NC25 sound stages, two three-story production support buildings, an office building, shops, grip/lighting/set storage and 300 car parking structure all under one roof in response to the harsh climate on a challenging 11-acre brown field site adjacent to railroad tracks.

*Completed while Project Manager at another firm.*
